Join us on Zoom for a Virtual Literary Event with Kristin Harmel

You Provide the Food and Friends!

Monday, January 15, 2024 @ 2:30 PM (Pacific)

After you send in your registration and payment, we will email the Zoom link to you a few days before the January 15 event. You may watch the Literary Zoom presentation on your own computer with author Kristin Harmel — or get together with a **GROUP** of your friends who have also registered and watch the author on a big screen TV. Join in at 2:15 PM (Pacific).

Open QR link by taking a photo on your phone to watch on YouTube how to [SET UP YOUR TV](#) with either HDMI cable or WIFI so you can view the Zoom Literary event mirrored/cast from your laptop computer or iPhone onto your TV screen. Try it out and give it a whirl before the Literary Event. It is easy.

How to Connect Your Laptop to a TV screen:

- A. **MANUALLY CONNECT YOUR LAPTOP COMPUTER (either PC or Mac) TO YOUR TV** with a High Speed [HDMI CABLE](#) (High Definition Multimedia Interface) that transports video and audio from your computer to your television's HDMI input jack. It is easy. Click on links for more information.
1. Purchase a 10 foot High Speed HDMI cable (Amazon or other store.)
 2. Plug one end of the cable into your laptop computer's HDMI port.
 3. Plug the other end of the cable into your TV's HDMI input port.
 4. Use your TV remote to change the TV's [SOURCE or INPUT](#) to the HDMI port to which you connected the HDMI cable. **IMPORTANT: TV won't mirror laptop screen without changing the SOURCE from your TV remote — e.g., HDMI1 or HDMI2.**
 5. You should now be able to view your laptop screen on your TV monitor.
 6. From your laptop, click the Zoom link that will be emailed to you a few days before event.
 6. Keep your laptop lid open. Remember that others will view you from your laptop's camera.
 7. Control sound volume from your computer and the TV remote.
- B. **OR...WIRELESSLY CONNECT YOUR LAPTOP (or iPhone) to your TV** using your WIFI network with Apple TV **Make sure your Laptop/iPhone/ TV are all using the [same WIFI network](#), otherwise it won't mirror.**

If you need more assistance to set up your computer or iPhone with the HDMI cable, find the right adaptor, or mirror/cast wirelessly—take your laptop or iPhone into a Best Buy or Apple computer store to ask a geek to help you. For other questions, contact lawrencejan@mac.com.
