

SYMPHONY *of art* CALLING ALL ARTISTS!

About the Opportunity:

As part of the Committees of the Philharmonic Society art installation and fundraiser, Symphony of Art, we are looking for artists who are interested in reimagining once loved instruments, now beyond repair, into pieces of art. Many of these instruments come from K-12 music classrooms and have been part of students' musical journeys for decades. We're looking for artists to turn them into beautiful works of art that will support the students in our community, as each piece will be auctioned off with proceeds benefitting the Philharmonic Society of Orange County's free Youth Music Education Programs.

Art will be placed on display in various art museums around Orange County in April 2027 and then auctioned off in early May 2027.

Interested?

Fill out the Form using the link below and we will be in contact.
